

WAKE ME UP!

Igor Alexandre Barcelos Graciano Borges¹

Through the eyes of death,
I can see all the evil things you have done,
Are you ready to live?

You don't know to answer anything,
survive is the only way to live?

Look what have you done with yourself.

There's no more fire of hope,
I feel cold in my soul,
I lost my sanity in a deep black hole under my eyes,
The time has come?
What time is it?

Hey! wake up,
it was a bad dream,

Nobody died, nobody cried,
nobody is in mourning,

Are you ready to question yourself?

We got hard words to tell,
Leprosy's thought will be cured,
Come to me don't be stupid,
Wake me up!
